

Solutions for Daycamps and Youth Programs

Doubleknot empowers daycamps and youth programs to fully customize every aspect of registration, billing, communications and checkin. As a result, you can reduce the amount of you spend on administration and focus on what really matters: developing and delivering exceptional youth programs. With Doubleknot, you can:

- **Configure everything from a simple event to a complex program** with different tracks and options—more than 50 event configuration settings are available.
- **Show real-time availability** for the programs and sessions they're interested in.
- **Automatically manage capacity and waitlists.** Waitlists can clear automatically as space becomes available, and administrators can choose to override waitlists and overall event capacity.
- **Offer add-on options** during registration like before-care, after-care and merchandise.
- **Collect all the information you need** (e.g., emergency contacts, health forms or shirt sizes) with **custom forms**.
- Create **custom payment schedules, early registration discounts, late fees** and **automatic billing reminders**.
- **Stay in touch** with automatic confirmations, receipts and reminders and scheduled emails at any time.
- **View registration and financial data at a glance** with dozens of built-in standard reports and a custom report writer, so you always have a 360-degree view of your operations and program status.
- **Eliminate long checkin lines** by scanning and validating each participant's QR-coded ticket. And, with the **Sales Station app for iPads and iPhones** (included with your subscription), you can **check in participants, add last-minute changes like additional sessions or merchandise, and collect any payment due** without requiring program staff to handle cash or checks.

Display real-time availability to fill your programs faster
